Audience:

Old Business

Community Garden Report: Work groups have re-tightened the fence, added chicken wire to the bottom of the fence, and used 2 loads of chips to mulch the perimeter and paths in the garden. Individuals have begun preparing their plots for planting.

New Business:

Steward Report: As of tonight the trails are in good shape.

SF Heritage Trails Day: Walt Tabor has volunteered to mow the field on the other side of the driveway in preparation for this event. Ann will ask him to bushhog areas too rough for mowing. Chris Ramm has given permission for some of the participants to park in the barn area of his property. We want to reserve the closer spaces at Szegda for visitors. The Ct Trails Day pamphlet has not been produced yet. Ann will supply us with the website to be used in case of cancellation of this event due to weather. There will be pony rides, chickens, sheep, goats, and possibly donkeys. There will be a folksinger, blacksmiths, crafts, photography, food, and various displays. We surveyed the area and discussed the placement of vendors and participants.

The meeting adjourned at 7:00 PM.
