- 3. APPROVAL OF AGENDA:** S. Everett MOVED to Approve the Agenda as presented. MOTION CARRIED 11.0.
- 4. PURPOSE OF THE MEETING:** S. Everett provided an overview of the purpose of the meeting.
- 5. REVIEW OF FY 22-23 REVENUES & EXPENDITURES:**
 - a. Municipal:** B. Ciurylo stated that in 2022-2023 overall the town did very well in revenue collections and had a revenue surplus of over \$600,000 at year end, which went back into the General Fund. The collection rate was over 99%. Unanticipated municipal revenue sharing from the State of CT received was \$106,000. The following revenue lines ended above budget: Interest on investments – over \$77,000,

Real estate conveyance - over \$19,000, Building and Land Use fees - over \$40,000, Transfer Station Stickers sold over \$11,000 and Special Education Grant over \$77,000. B. Ciurylo said the Town did not submit for Local Capital Improvement Program (LoCIP) in 2022-2023 but will be in 2023-2024.

B. Ciurylo said the Town's 2022-2023 Town expenditure report shows a surplus of over \$400,000 being returned to the General Fund. Some expenditure lines that contributed to the surplus include various salary lines, insurance benefits (over \$20,000), electricity (over \$8,000), legal services (over \$22,000), Resident State Trooper budget (over \$36,000) – due to the changeover of the State Trooper and Contingency (over \$32,000).

B. Ciurylo briefly reviewed the 2022-2023 year end Town Capital report which showed all active capital lines and the balances being carried forward into 2023-2024. She also reviewed a report on the American Relief Funds projects (completed and current) and reported that as of 06/30/23, less than \$30,000 were available for future projects. B. Ciurylo also noted that all funds must be obligated, and purchase ordered by December 31, 2024 and spent by the end of 2026.

- b. Education:** B. Ciurylo briefly reviewed the 2022-2023 year end expenditure report and noted that the Board of Education returned approximately \$68,000 back to the General Fund. She noted the following budget lines that contributed to the surplus at year end: some changes in staffing, changes in tuition and transportation (approximately \$300,000), electricity (over \$50,000), workers compensation insurance (over \$12,000) as well as additional unbudgeted grant funding that received throughout the school year (approximately \$90,000). This surplus was offset by lines that needed covering at year end, such as, some salary lines, special education professional services (over \$50,000), IT contracted services for security (approximately \$34,000) and special education transportation (over \$100,000). B. Ciurylo also noted that there is \$300,000 available in the BOE Non-lapsing account and the BOE has opted not to add to it from the 2022-2023 surplus. It was also noted that funds have not been used from this account.

B. Ciurylo presented a report of the grant funding used in the 2022-2023 school year. She also presented the final 2022-2023 BOE expenditure report which summarized the BOE budget and grant funding for last year.

6. STATUS OF FY 23-24 REVENUES & EXPENDITURES:

a. Municipal:

- 1) **State Budget:** B. Ciurylo noted that the budgeted municipal aid seems to be coming in as anticipated. The state provide the Town with the Municipal Revenue sharing grant of approximately \$133,000. This was not anticipated when this year's budget was prepared.

- 2) **Status of 23-24 Revenues & Expenditures:** B. Ciurylo noted that the collection rate is currently at 68% and the Town has received over \$10 million in property tax revenue so far this year. The State of CT short interest rate is at 5.5% which means the Town will come within or exceed budget in this revenue line. The town fees collected are within budget or a little above. Pre-school tuition collection is at or above budget. B. Ciurylo noted that currently she does not see any concerns with this year's budget lines. There are some staff turnovers and with new hires some lines may be tight. B. Ciurylo said that there is a need for some additional replacement of computer equipment but that should be covered by a transfer.
- 3) **Capital Projects:** B. Ciurylo provided a report on the 2023-2024 Capital Projects for both the Town and the BOE. She noted that this report reflects all current Capital projects in progress and encumbered. She said that there is an upcoming town meeting for projects coming up that Mark Walter will speak to later in the meeting.

B. Ciurylo also noted the reports regarding the American Relief Funds project which is showing all the past and current 2023-2024 projects. Currently, there is at least \$30,000 available for new American Relief Fund projects.

b. Education:

- 1) **Status of 23-24 Revenues & Expenditures:** B. Ciurylo said that the BOE budget is being monitored closely. There has been changes in the Special Education costs that could have an impact on the budget. There has also been some unanticipated staffing changes which do not appear to be having a big impact on the budget right now. The BOE has received additional grant funding that was not anticipated. Some of the new funds were State additional funding and others were due to B. Wilson applying and being approved for additional grants. Over \$15,000 was approved for student services salaries and \$62,000 was approved for student services. The BOE also was approved for \$88,000 which will cover most of the costs for the new language arts curriculum.

B. Ciurylo also provided a 2023-2024 year to date BOE expenditure projecting funds available and not encumbered in the BOE budget.

- 2) **Capital Projects:** Nothing reported since included in the 2023-2024 Capital report presented earlier.

B. Ciurylo noted that the Town and BOE budget process calendars were included in the Tri-Board packet for their reference.

7. **KEY ISSUES IMPACTING THE FY 24-25 BUDGET:**

a. Municipal

- 1) **Tax Base /Grand List:** B. Ciurylo noted that the Assessor is still working on the Grand List and should be ready in a couple of weeks.
- 2) **Tax Collection Rate:** B. Ciurylo noted that as of June 30, 2023, the tax collection rate is 99.23%. One factor contributing to the collection rate was the tax sale in 2022-2023. Currently the tax collection rate is at 67% for the first six months of this year. B. Ciurylo said the prediction is that by the end of the year the collection rate will be at around 98%.
- 3) **Debt Payments:** None. Possible future projects could involve discussion on bonding.
- 4) **Undesignated Fund Balance:** B. Ciurylo noted that as of as of 06/30/23, the projected undesignated fund balance is \$3.6 million which is approximately 18% of this year's budget requirement.
- 5) **Revenues from the State of Connecticut:** B. Ciurylo said they have not issued next year's predictions. The ECS grant could stay at level funding for next year based on information she received.

b. Education

- 1) **Projected Student Counts:** B. Wilson said that currently there are 479 students at Horace Porter. She anticipates the count could increase to around 500 based on new students that keep enrolling this year. High school enrollment is currently 203 students of which 39 are graduating. Currently, there are 49 8th graders and B. Wilson estimated that next year, there will be an increase of 10 high school students.
- 2) **Special Education Costs:** B. Wilson said that there were a number of unbudgeted expenses this year. When new special education students move into town, those students who are outplaced could involve transportation costs. So far this year, the Special Education budget is \$75,000 over budget. With the changes this year, the Special Education budget increased from 10% to 12%, (increase of about \$100,000 to \$125,000). Included in the Special Education budget are English language learning funding and special equipment purchases for students who have disabilities.
- 3) **Staffing:** B. Wilson said it is early to note the staffing for next year. However, the plan is to keep using current staff creatively without adding new staff. There has been approximately 80 additional students added to the enrollment count at Porter over the past 3 years. This will be taken into account when planning staffing for the next school year.
- 4) **Minimum Budget Requirement:** B. Ciurylo mentioned that the BOE Minimum Budget Requirement for 2022-2023 and 2023-2024 are included in the meeting packet for the boards to review. he did note that for both years, the BOE budgets had met state compliance. She also noted for 2022-2023, there was a flat budget

from the year before. For 2023-2024, there was over \$700,000 increase in the budget from the prior year.

8. LONG RANGE PLANNING

1) **Municipal:** M. Walter said the rain events over the last year have been overwhelming the drainage systems throughout town resulting in damage to several roads. There was a request from Senator Murphy's office to provide any damage, severe flooding or challenges that the town experienced. M. Walter said that he has an appointment with CRCOG to discuss applying for grant assistance for hazard mitigation funding. M. Walter said that at the Board of Selectmen meeting on the December 16th, the BOS approved to set a town meeting to appropriate \$250,000 towards engineering and design for the road repairs and culvert upgrades. The roads/culverts are listed below.

- **Doubleday Road:** The whole road is failing because the corrugated metal drainage pipe is rusted out and it is undersize. The drainage system is the entire full length of the road. When flooding occurs, it undermines the road, and the road collapses. The estimated construction and engineering costs is \$5 million.
- **Pine Street:** The two pipes are undersized for the size of the stream and watershed drainage area and would need to be upgraded to a box culvert. The estimated cost for construction is \$1.2 million with estimated engineering costs of \$125,000 for a total of \$1.325 million.
- **Thompson Hill Road:** The 48-inch pipe culvert is too small and will need an upgrade to a box culvert. The estimated construction cost is \$850,000 with estimated engineering costs of \$100,000 for a total of \$950,000.
- **Latham Hill Bridge:** Five pipes make up the bridge which is set too low and floods almost every rain event. The elevation of the road would have to be raised to elevate the issue of consistent flooding. The estimated construction cost is \$2 million with engineering costs of \$200,000 for a total of \$2.2 million.

M. Walter explained that there is not a great interest in careers for municipalities and because there are few people entering the field of municipal work, wages are being driven up. Currently the Assistant Town Clerk and Tax Collector are retiring, as well as the Rec Director has resigned and will be working for Windham. There have also been turnover in the DPW staff.

- 2) **Education:** B. Wilson said that for long-range planning they are in the middle of the HVAC project. She also noted that the school parking lot is getting towards the end of its life and will need to be redone.
9. **DISCUSSION GENERAL FUND RESERVES AND MILL RATE:** B. Ciurylo said it is too early to discuss. The General Fund as of 06/30/23 is healthy. The Mill rate is to be determined based on the budget process. Discussion of a possible Mill rate increase will be dependent on how budgets are presented. The auditor's report should be completed by the end of the month and she will send it to all three boards once she receives it.
10. **ADJOURNMENT:** S. Everett MOVED to ADJOURN the Meeting at 7:45 pm.
MOTION CARRIED UNANIMOUSLY.

RE: **Proposed Fiscal Year 2024-2025 Annual Town Budget**

This packet constitutes the Proposed Annual Town Budget for Fiscal Year 2024-2025 for the Board of Selectmen (BOS) and the Board of Education (BOE), respectively. For summary purposes, the budget can be segmented as follows: Resources, Requirements, and Mill Rate.

RESOURCES

The proposed budget for the General Fund revenues for FY '24-'25, other than new/current property taxes to be raised, total \$3,343,927 which is an increase of \$203,618 or 6.48% from FY '23-'24. As shown in detail on pages 23 through 25 of this budget packet, several revenue line items for FY '24-'25 are projected to increase, decrease or go unchanged. Based on the estimated state municipal aid for FY '24-'25, the following intergovernmental revenue line items stand out. The BOS anticipates receiving the following state funding: \$2,316,189 in ECS funding (\$75,830 increase from FY'23-'24), \$75,000 in Special Education Excess Cost Grant (\$37,000 decrease from FY'23-'24), no funding for School Transportation (continuing non-funding by the state), no funding for Circuit Breaker Elderly Tax Relief (a cost that the town must absorb in its budget), no funding for Municipal Revenue Sharing funds (no change from FY'23-'24), \$26,763 for Municipal Projects Grant (no change from FY'23-'24), \$28,393 for Supplemental Revenues Sharing (formerly called Municipal Stabilization Grant; no change from FY'23-'24), and \$7,406 in PILOT-State Owned Property Grant (\$528 increase from FY'23-'24), \$4,587 in Pequot-Mohegan Grant (no change from FY'23-'24). The new LoCIP entitlement for FY '24-'25 is projected to be \$57,760 plus the Town has a LoCIP entitlement balance for FY '23-'24 totaling \$155,509. The Town is opting to not apply for any LoCIP funds in FY'23-'24 and will apply for these funds with an applicable capital project in FY '24-'25. Anticipated funding from the State of Connecticut may change during the review of the Governor's budget. The approved intergovernmental revenue budget is based on the latest information received from the State as of February 4, 2024.

As part of this packet, page 26 details the Federal and State Grant funding that the BOE receives. These grants are included in the overall BOE Budget and are **not** part of the proposed FY '24-'25 Town Allocation requested by the BOE.

Aside from the General Fund revenues, the BOS proposed budget calls for the utilization of \$203,675 in Town Aid Road (TAR) to fund Road projects budgeted in the Capital projects. The TAR funds will be the new allocation from the state for FY '24-'25. The estimated Undesignated Fund Balance is projected to be \$3,698,997 as of 06/30/2024 as shown on page 30 and 31 of this budget packet. The estimated Undesignated Fund Balance of \$3,698,997 as of 07/01/23 is equal to 18.07% of the FY '24-'25 proposed General Fund Budgetary Requirements. The proposed Budget does not include the use of any funds from the General Funds for FY '24-'25 in order to offset any Mill Rate increase.

With respect to new/current property taxes, the BOS adopted budget requires \$17,122,499 to be collected in FY '24-'25 without the consideration of using any funds from the General Fund to minimize the Mill Rate impact on the proposed budget. The proposed property tax revenue requirement represents an increase of \$2,009,353 or 13.3% from FY'23-'24. The 2023 Grand List had a reduction of \$1,185,235 or -.20% which will have a potential impact on the property taxes that the Town will need to collect as well as on the Mill Rate. This decrease is based on the results of the recent review of the Town's assessed values when calculating the 2023 Grand List.

REQUIREMENTS

The proposed BOS Operating Budget for FY '24-'25 is \$5,353,137. That is an increase of \$324,316 or 6.45% over the amount adopted for FY '23-'24. The proposed BOS budget includes no increase in Contingency and maintains it at \$78,000. This is approximately 1.46% of the proposed FY '24-'25 BOS Operating Budget. The Town Charter allows a 2 % of the Annual Town Budget maximum. The proposed FY '24-'25 Capital Budget appropriations for the BOS and the BOE totals \$1,030,330. That is an overall decrease of \$14,557 or -1.39% from FY '23-'24. Each of the proposed capital budget lines are listed on page 27 of this document. Some of the capital project increases include the Road Projects, Box Culvert Repairs/Replacement, Public Works equipment, and CVFD Requests. There are three decreases in the proposed capital projects are the closing out of projects that are completed or are no longer needed: HWP Security Project, HWP Ceiling Tile Replacement and HWP Asbestos Removal. Other aspects of the proposed capital projects include adding to current funding of planned projects; such as, funding for next Revaluation, HVAC fund, Dam Gate Repairs, Hazardous Tree Removal and a Senior Center project. The BOE has proposed capital funding requests for FY '24-'25: new Kitchen Equipment, Drainage Project and Fencing. Finally, the proposed FY '24-'25 BOS Debt Service Budget is a zero budget. The final debt service payment for the scheduled principal and interest was paid off in early June 2021 and the Town is currently debt free. The proposed budget does not include any potential debt for any proposed or existing projects.

The proposed BOE Operating Budget for FY '24-'25 has a Town budgeted allocation of \$14,309,395 which is an increase of \$694,933 or 5.10% from FY '23-'24. The proposed BOE FY '24-'25 town allocated budget is inline with the Minimum Budget Requirements mandated by the state.

Please note that the following BOS and BOE budget items impacted this budget process. The FY '24-'25 healthcare plan for employee benefits increase was budgeted in consideration of a 2.0% increase. Also, the Town has locked in the fuel rates for oil, diesel and gasoline. Currently, the Town is locked in a contract which will expire October 31, 2024 and is looking to renegotiate the contract during the spring 2024. The Town is also reviewing the long term capital plan in regards to concerns with culverts and road conditions as well as is waiting for decision on the HWP HVAC improvement grant submission.

MILL RATE

The proposed budget is currently showing a Mill Rate of **29.41** for FY '24-'25 which is an increase of 3.50 mills or 13.52%. The proposed mill rate does not take into consideration the use of any funds from the General Fund. The FY '23-'24 Mill Rate of **25.91** was set by FiPAC after the Annual Town Meeting on May 9, 2023. With the proposed FY '24-'25 Mill Rate, a town assessed property may experienced a property tax change this year based on any change in their property assessment during the year. For the FY '24-'25, each mill is projected to generate \$582,197 of revenue; compared to \$583,359 in FY '23-'24.

The proposed FY '24-'25 tax collection rate is 98.0%. which is the same as the collection rate for FY '23-'24. This is based on the history of the Town's property tax collection. The tax collection rate for FY '23-'24 is approximately 99%. The tax collection rate for FY '22-'23 is 99.0% (which includes a tax sale in the spring of 2023). The historical collection rates are as follows: 99.0% for '20-'21, 99.0 % for '20-'21, 98.83% for '19-'20, 98.8% for FY '18-'19, 99.25% for FY '17-'18 (tax sale held in '17-'18), 98.36% for '16-'17 , and 98.76% for '15-'16 (tax sale held in '15-'16).

Upcoming Meetings:

NOTES:

- (1) For 24/25, REAP is an estimate. Application needs to be completed. Award amount is pending.
- (2) The state is requiring that IDEA grants be spent in first year of award. For the 2024-2025 budget needed to estimate grant award. Also, the state adjusted original award as noted in unbudgeted column.
- (3) Estimate of 2024-2025 Adult Education Grant per CCM. The unbudgeted column reflects the adjustment for the actual award from budget.
- (4) Title IV is a continuing new grant awarded during school year after application is submitted. Assuming \$10,000 award will remain as is.
- (5) Last year for COVID relief funds. As of 23/24 budget season, only the balance of the ARP ESSER III funds are available for budgeting.
- (6) New 3 year grant awarded to the BOE. Received \$62,000 in 23/24. Will receive \$62,000 in 24/25 and \$43,400 in 25/26.
