**Excused:** John Burrell

Minutes of last meeting were read. Motion to accept minutes as is, Robert Powell, 2<sup>nd</sup> Karl Then,  
7- approved 1 Abstention.

**Guest Speaker: Chick Schriffin** – The Architect of the Watershed Management Plan. He summarized the number of years it took in the development of the Watershed Plan from 1996-2003 to final adoption. He paid special recognition to the forefathers who helped in the development with this Plan, as well as the Town commissions that were crucial in the design and development. How they interacted with one another and DEEP. Developed specific Town regulations, specific for the betterment of the water quality of Columbia Lake. Introduced further adoptions that the Town could consider such as; Septic Effluent filters to reduce the phosphorous levels. Since it is the phosphorous that imposes the most hazardous conditions to the health of the Lake. Further information on this Watershed Management Plan can be reviewed at the Town Hall.
