Sealed bids were due to be received by the Office of the Town Administrator, Columbia Town Hall, 323 Jonathan Trumbull Highway, Columbia, CT 06237, until 10:00 AM prevailing time on November 13, 2018. In order to be considered, the revised Bid Proposal Form, included with this Addendum, shall be submitted to the Office of the Town Administrator, Columbia Town Hall, 323 Jonathan Trumbull Highway, Columbia, CT 06237, until 10:00 AM prevailing time on Friday, November 16, 2018.

Addenda will be issued only to those contractors present at the mandatory pre-bid meeting held on Thursday November 1, 2018. It is the responsibility of contractors bidding the project to distribute copies of this addendum to all subcontractors, suppliers and other entities providing quotations.

This addendum is 2 pages long plus attachments.

The following items form this addendum:

1. The Contract Time included in the Agreement included in the Contract Documents will be increased as part of the awarded Contract from 150 days to 180 days.

As such, Unit Costs for excavation of unsuitable soils as well as replacement of these unsuitable soils either with Contractor supplied off site Compacted Structural Fill or on-site material that may meet the requirements for “Compacted Structural Fill” have been added to the Proposal Form.
3. Revised Supplementary Conditions. Revisions to Sections 5.04 and 5.07 have been made.
4. Responses to questions provided by prospective bidders since Addendum #1 was issued. (Included Below)
Responses to questions posed since Addendum #1 was issued.

Question-
1. Clearspan has informed us that there is a 120-day* lead time for delivery of the building from order and six weeks* for engineered foundation drawings, which we need for building layout and block foundation order. That would put the schedule for a start in mid-winter conditions. Based on these circumstances, is it possible to extend the completion date to accommodate these lead times and avoid liquidated damages?

*Please Note that these are under best turn-around circumstances.

Response-

*The Contract Time will be increased from 150 days to 180 days.*

Question-

Do you see any issue with the following concrete block size? You specify 2’ x 2’ x 6’ block but some suppliers only produce 2-1/2 x 1-1/2 x 5.’ Do you have any concern with this?

Response-

ClearSpan specified that block size to the Town. The wall design is the responsibility of the Contractor, however the Specifications do require a minimum 6’ high wall be provided.

Question-

Does Part 1.01.A.f of Section 01 11 00 – Summary of Work apply to this project?

Response-

No, this section was included in error and should be disregarded.

A. It is hereby understood and mutually agreed, by and between Contractor and Owner, that the date of beginning and the time for completion as specified in the Agreement of the work to be done hereunder are essential conditions of this Contract; and it is further mutually understood and agreed that the Work embraced in this Agreement shall be commenced on a date to be specified in the Notice to Proceed.

B. Contractor agrees that said Work shall be prosecuted regularly, diligently and uninterruptedly at such rate of progress as will insure full completion thereof within the time specified. It is expressly understood and agreed, by and between Contractor and Owner, that the time for the completion of the Work described herein is a reasonable time for the completion of the same, taking into consideration the average climatic range and conditions in this locality.

C. If said Contractor shall neglect, fail or refuse to complete the Work within the time herein specified, or any proper extension thereof granted by Owner, then the Contractor does hereby agree to pay to Owner the amount specified in the Agreement, not as a penalty
but as Liquidated Damages for such breach of Agreement, for each and every calendar
day that Contractor shall be in default after the time stipulated in the Agreement for
completing the Work.

D. The said amount is fixed and agreed upon by and between Contractor and Owner
because of the impracticality and extreme difficulty of fixing and ascertaining the actual
damages Owner would in event sustain, and said amount shall be retained from time to
time by the Owner from current periodical estimates.
