

**REGULAR MEETING MINUTES
COLUMBIA BOARD OF SELECTMEN**

Tuesday, April 4, 2017 – 7 pm

Adella G. Urban Administrative Offices Conference Room
323 Route 87, Columbia, CT

Members Present: First Selectman Carmen Vance; Deputy Selectman Steven Everett; Selectman William O'Brien; Selectman Robert Hellstrom; Selectman Robert Bogue.

Also Present: Town Administrator Mark Walter; Ann Dunnack; Michael Lester.

CALL TO ORDER: C. Vance called the meeting to order at 7:53 pm.

1. **PLEDGE OF ALLEGIANCE:** The Pledge of Allegiance was recited.
2. **MINUTES: BOS Regular Meeting Minutes of March 21, 2017 and Special Meeting Minutes of March 27, 2017:** R. Bogue MOVED to approve the BOS Regular Meeting Minutes of March 21, 2017 and the BOS Special Meeting Minutes of March 27, 2017. MOTION CARRIED 5:0.
3. **AUDIENCE OF CITIZENS:** A. Dunnack stated that some time ago, the BOS discussed proposing an ordinance to prevent fracking waste. She would like to know if this can be brought back up for discussion. She feels it is very important to create an ordinance to prevent fracking in Columbia and stated that other towns are beginning to enforce this. She stated that she thought she recalled the BOS planned to see what the state was doing about this issue. S. Everett said that the BOS did not say that they were going to rely on the state. C. Vance said that this item will be placed on an upcoming BOS agenda for further discussion.
4. **OLD BUSINESS:**
 - 4.1 **Establish Town Meeting for Oberlander Property:** C. Vance MOVED to schedule a Town Meeting on June 1, 2017 at 7 pm in Yeomans Hall for the following item:
CLAUSE: To approve the purchase of the Oberlander Property as Open Space in the amount of \$105,000 from the Land Acquisition Fund. MOTION CARRIED 5:0.
 - 4.2 **Amended Ordinance #6-4:** W. O'Brien stated that he has an issue with Section 2.4 entitled, "Launching of Watercraft from Private Property or Other Town Property" of the proposed amendments to the ordinance. He stated that he feels as though this portion of the amendments makes it sound that if someone is not a property owner on the lake they are treated with a lesser standard. C. Vance stated that the first time anyone goes to launch a watercraft, they will receive inspections. She feels that everyone will be inspected equally and that this will encourage people to get involved. S. Everett feels that the BOS can take a look into the schedule and discuss the honor system that was mentioned at the hearing, but he doesn't know that they will be able to please everyone but will do what they can. R. Bogue thinks that the proposal should be approved as it is, then after some time, be revisited. H. Beck feels that the schedule and hours may be easily flexible, which could eliminate some of the concerns addressed this evening. Discussion followed. C. Vance MOVED to approve the amended ordinance as presented with the understanding that the BOS will continue to address the procedures as needed. MOTION CARRIED 4:0:1 with W. O'Brien abstaining.
5. **NEW BUSINESS:** None.
6. **COLUMBIA LAKE / DAM / BEACH:** None.
7. **APPOINTMENTS / RESIGNATIONS:**
 - 7.1 **Appointment of Camp Counselor:** S. Everett MOVED to approve the appointment of Alison Cox as Camp Counselor for the April vacation camp that is being offered by the Rec Department. MOTION CARRIED 5:0. (This is a seasonal position with an hourly rate of pay of \$10.10)

NEWS RELEASE
For Immediate Release

The Town of Columbia will hold its annual Boat Mooring Lottery at the Board of Selectmen meeting scheduled for Tuesday, April 18, 2017 at 7:00 PM in the Adella G. Urban Administrative Offices Conference Room. The purpose of the lottery is twofold. First, it establishes eligibility to rent a mooring (since there are usually more applicants than available moorings). Second, it establishes the order in which residents will choose the location of their boat mooring. Generally, a resident that fares well in the lottery will choose a mooring closer to shore. Any resident wishing to enter the lottery should submit the following information to Town Administration: name, address, phone number, boat type, make, length and motor size. The information may be delivered via email to kbona@columbiact.org or by postal service or walk-in. Those awarded a mooring will be notified and will be required to supply proof of residency, boat registration information (excluding kayaks/canoes/sailboats), a Safe Boating Certificate, and a non-refundable fee of \$100.00. The Town of Columbia limits motor size on Columbia Lake to 80 horsepower for outboard engines and 150 horsepower for inboard engines. For more information, please contact Kim at (860) 228-0110.

Eagle Scout Service Project Proposal

BOY SCOUTS OF AMERICA®

Eagle Scout candidate's full legal name Henry Joseph Rose JR

Eagle Scout Service Project Name Lake Additions

Eagle Scout Requirement 5

While a Life Scout, plan, develop, and give leadership to others in a service project helpful to any religious institution, any school, or your community. (The project must benefit an organization other than Boy Scouting.) The project proposal must be approved by the organization benefiting from the effort, your unit leader and unit committee, and the council or district before you start. You must use the *Eagle Scout Service Project Workbook*, No. 512-927, in meeting this requirement.

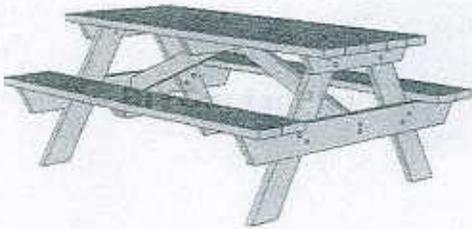

Project Description and Benefit

Briefly describe your project.

I will build and add 2 new picnic tables and add a bench to Columbia Lake.

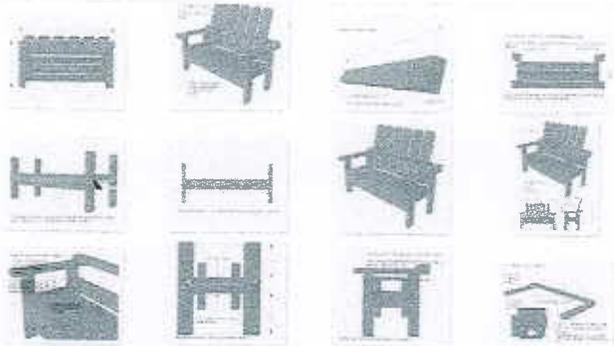

Attach sketches or "before" photographs if these will help others visualize the project.

Please click below to add images (JPEG, JPG, BMP, GIF, TIF, PNG, etc.)

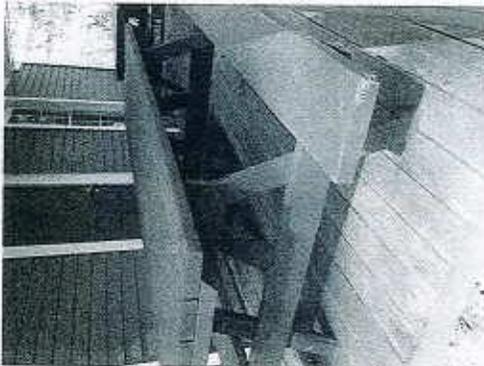

© www.DIYGardenPlans.net

This is the planned picnic table design.

This is the planned bench design.

The Old Picnic Tables

Spot where bench will be placed.

Tell how your project will be helpful to the beneficiary. Why is it needed?

My project will benefit the community by adding additional seating at the lake and replacing worn out picnic tables.

When do you plan to begin carrying out your project? May 2017

When do you think your project will be completed? May 2017

Giving Leadership

Approximately how many people will be needed to help on your project? 6-8

Where will you recruit them (unit members, friends, neighbors, family, others)? Explain:

I plan to recruit family, friends, teachers, and scouts for my project. I will need adults and peers to help me with different parts of the project.

What do you think will be most difficult about leading them?

I think the most difficult part of leading the project will be finding times that are suitable for everyone.

Tools

Include tools, and also equipment, that will be borrowed, rented, or purchased.

What tools or equipment, if any, will you need? You do not need a detailed list, but you must show you have a reasonable idea of what is required.

I will need a miter saw, drill and drillbits, wrench/ratchet set, and paint roller.

Other Needs

Items that don't fit the above categories; for example, parking or postage, or services such as printing or pouring concrete, etc.

What other needs do you think you might encounter?

I will need transportation to pick up the supplies.

Permits and Permissions

Note that property owners should obtain and pay for permits.

Will permissions or permits (such as building permits) be required for your project? Who will obtain them? How long will it take?

Preliminary Cost Estimate

You do not need exact costs yet. Reviewers will just want to see if you can reasonably expect to raise enough money to cover an initial estimate of expenses. Include the value of donated material, supplies, tools, and other items. It is not necessary to include the value of tools or other items that will be loaned at no cost. Note that if your project requires a fundraising application, you do not need to submit it with your proposal.

Enter estimated expenses below:
(Include sales tax if applicable)

Fundraising: Explain how you will raise the money to pay for the total costs. If you intend to seek donations of actual materials, supplies, etc., then explain how you plan to do that, too.

Materials:	\$270.00
Supplies:	\$50.00
Tools:	\$0.00
Other:	\$0.00
Total costs:	\$320.00

I plan to have at least one car wash to raise money. I will have a go fund me page for donations of any sort. I will also go to local businesses to see if they will donate to me any products (Sherwin Williams, Home Depot, Etc.).

Project Phases

Think of your project in terms of phases, and list what they might be. The first may be to prepare your project plan. Other phases might include fundraising, preparation, execution, and reporting. You may have as many phases as you want, but it is not necessary to become overly complicated; brief, one line descriptions are sufficient.

1. Plan Project
2. Receive District, Scout, and Beneficiary approval.
3. Raise Money
4. Try to receive donations
5. Purchase rest of materials
6. Cut wood/ Organize materials
7. Set a date to carry out the project
8. Building and staining picnic tables and benches on site

Materials

materials are things that become part of the finished project, such as lumber, nails, and paint.

What types of materials, if any, will you need? You do not need a detailed list or exact quantities, but you must show you have a reasonable idea of what is required. For example, for lumber, include basic dimensions such as 2 x 4 or 4 x 4.

I will need lumber- 2x4 and 2x6. I will also need wooden 1x6 fencing. I will also need deck screws, and carriage bolts. I will also need paint or stain.

Supplies

Supplies are things you use up, such as food and refreshments, gasoline, masking tape, tarps, safety supplies, and garbage bags.

What kinds of supplies, if any, will you need? You do not need a detailed list or exact quantities, but you must show you have a reasonable idea of what is required.

I will need refreshments for the workers, work gloves, tarps, buckets, and safety glasses.

Logistics

How will you handle transportation of materials, supplies, tools, and helpers? Will you need a Tour and Activity Plan?

Safety Issues

The Guide to Safe Scouting is an important resource in considering safety issues.

Describe the hazards and safety concerns you and your helpers should be aware of.

Some safety issues that could occur are basic construction assembly issues. We also need to make sure the lake is protected from any stain or paint.

Project Planning

You do not have to list every step, but it must be enough to show you have a reasonable idea of how to prepare your plan.

List some action steps you will take to prepare your project plan. For example "Complete a more detailed set of drawings."

I have a set of plans to make both the bench and the picnic tables. I will have all of the wood precut and ready for the smooth assembly. I have already researched the sizes, amount, and prices of the boards.

Candidate's Promise* Sign below before you seek the other approvals for your proposal.

On my honor as a Scout, I have read this entire workbook, including the "Message to Scouts and Parents or Guardians" on page 5. I promise to be the leader of this project, and to do my best to carry it out for the maximum benefit to the religious institution, school, or community I have chosen as beneficiary.

*Remember: Do not begin any work on your project, or raise any money, or obtain any materials, until your project proposal has been approved.

Unit Leader Approval*

I have reviewed this proposal and discussed it with the candidate. I believe it provides impact worthy of an Eagle Scout service project, and will involve planning, development, and leadership. I am comfortable the Scout understands what to do, and how to lead the effort. I will see that the project is monitored, and that adults or others present will not overshadow him.

Unit Committee Approval*

This Eagle Scout candidate is a Life Scout, and registered in our unit. I have reviewed this proposal, I am comfortable the project is feasible, and I will do everything I can to see that our unit measures up to the level of support we have agreed to provide (if any). I certify that I have been authorized by our unit committee to provide its approval for this proposal.

Beneficiary Approval*

This service project will provide significant benefit, and we will do all we can to see it through. We realize funding on our part is not required, but we have informed the Scout of the financial support (if any) that we have agreed to. We understand any fund raising he conducts will be in our name and that funds left over will come to us if we are allowed to accept them. We will provide receipts to donors as required.

Our Eagle candidate has provided us a copy of "Navigating the Eagle Scout Service Project, Information for Project Beneficiaries."

Council or District Approval

I have read topics 9.0.2.0 through 9.0.2.15, regarding the Eagle Scout service project, in the *Guide to Advancement*, No. 33088. I agree on my honor to apply the procedures as written, and in compliance with the policy on "Unauthorized Changes to Advancement." Accordingly, I approve this proposal. I will encourage the candidate to prepare a project plan and further encourage him to share it with a project coach who has been designated for him.

While it makes sense to obtain approvals in the order they appear, there shall be no required sequence for the order of obtaining those approvals marked with an asterisk (). Council or district approval, however, must come after the others.

Navigating the Eagle Scout Service Project

Information for Project Beneficiaries

Thank You and Congratulations

Congratulations on your selection as an Eagle Scout service project beneficiary, and thank you for the opportunity you are making available to an Eagle Scout candidate. Support from community organizations is important to Scouting—just as important as Scouting's contributions are to the community. Scouts provide important services, and benefiting organizations such as yours provides a vehicle for personal growth.

The Eagle Scout Rank and the Service Project

Service to others is an important part of the Scout Oath: "... to help other people at all times." Each year tens of thousands of young men strive to achieve the coveted Eagle Scout rank by applying character, citizenship, and Scouting values in their daily lives. One of the rank requirements is to *plan, develop, and give leadership to others in a service project helpful to any religious institution, school, or community*. Through this requirement, Scouts practice what they have learned and gain valuable project management and leadership experience.

Typical Projects

There are thousands of possible Eagle Scout projects. Some involve building things, and others do not. There have been all kinds: making birdhouses for an arboretum, conducting bicycle safety rodeos, constructing park picnic tables or benches, upgrading hiking trails, planting trees, conducting well-planned blood drives, and on and on. Other than the general limitations noted below, there are no specific requirements for project scope or for how many hours are worked, and there is no requirement that a project have lasting value. What is most important is the *impact or benefit the project will provide to your organization*. In choosing a project, remember it must be something a group with perhaps limited skills can accomplish under the leadership of your Eagle Scout candidate. If your Scout is to fulfill the requirement, *he* must be the one to lead the project. It is important you work with him and not with his parents or leaders.

Project Restrictions and Limitations

- Fundraising is permitted only for facilitating a project. Efforts that primarily collect money, even for worthy charities, are not permitted.
- Routine labor, like a service a Scout may provide as part of his daily life such as mowing or weeding a church lawn, is not normally appropriate. However, if project scale and impact are sufficient to require planning and leadership, then it may be considered.
- Projects are not to be of a commercial nature or for a business, though some aspects of a business operation provided as a service, such as a community park, may qualify.
- The Scout is not responsible for any maintenance of a project once it is completed.

Approving the Project Proposal and Project Scheduling

Once a potential project is identified, you must approve your Scout's proposal. Regular communications can make this quick and easy, but be sure you have discussed and considered all aspects of the project with him and that he has a clear understanding of your expectations and limitations. Keep in mind his proposal is merely an overview—not a comprehensive project plan.

Some projects may take only a few weeks or months to plan and carry out, while others may take longer. Scouts working toward the Eagle rank are typically busy, so scheduling flexibility may be important. The proposal must also have several approvals, besides yours, before project planning occurs and work begins. Therefore, if a proposed project must be completed by a certain rapidly approaching date, it may be a good idea to consider something different. Remember, too, that all work must be completed before the Scout's 18th birthday.

After his proposal is approved by the BSA local council, your Scout must develop a plan for implementing the project. Before work begins, you should ask to see the plan. It may come in any format you desire or are willing to accept. It could even be a detailed verbal description. That said, the BSA includes a "Project Plan" form in your Scout's *Eagle Scout Service Project Workbook*, and we recommend that you ask your Scout to use it. If in your plan review you have any concerns the project may run into trouble or not produce the results you want, do not hesitate to require improvements *before* work begins.

Permits, Permissions, and Authorizations

- If the project requires building permits, etc., your Scout needs to know about them for his planning. However, your organization must be responsible for all permitting. This is not a duty for the Scout.
- Your organization must sign any contracts.
- If digging is involved, it is your responsibility to locate, mark, and protect underground utilities as necessary.
- If you need approval from a committee, your organization's management, or a parent organization, etc., be sure to allow additional time and let the Scout know if he is to assist with this.

Funding the Project

Eagle service projects often require fundraising. Donations of any money, materials, or services must be preapproved by the BSA unless provided by your organization; by the Scout, his parents, or relatives; or by his troop or its chartered organization. The Scout must make it clear to donors or fundraising event participants that the money is being raised on the project beneficiary's behalf, and that the beneficiary will retain any leftover funds. If receipts are needed, your organization must provide them. If your organization is not allowed to retain leftover funds, you should designate a charity to receive them or turn them over to your Scout's unit.

Supervision

To meet the requirement to "give leadership to others," your Scout must be given every opportunity to succeed independently without direct supervision. The Scout's troop must provide adults to assist or keep an eye on things, and your organization should also have someone available. The Scout, however, *must* provide the leadership necessary for project completion without adult interference.

Safety

Through the proposal and planning process, the Scout will identify potential hazards and risks and outline strategies to prevent and handle injuries or emergencies. Scouts as minors, however, *cannot be held responsible for safety*. Adults must accept this responsibility. Property owners, for example, are responsible for issues and hazards related to their property or employees and any other individuals or circumstances they would normally be responsible for controlling. If during project execution you have any concerns about health and safety, please share them with the Scout and his leaders so action may be taken. If necessary, you may stop work on the project until concerns are resolved.

Project Execution and Approval

After the project has been carried out, your Scout will ask for your approval on his project report. The report will be used in the final review of his qualifications for the Eagle Scout rank. If the Scout has met your reasonable expectations, you should approve the project; if he has not, you should ask for corrections. This is not the time, however, to request changes or additions beyond what was originally agreed.

The Eagle Scout service project is an accomplishment a Scout will always remember. Your reward will be a helpful project and, more important, the knowledge you have contributed to a young man's growth.

Hi Bob,

Catherin Thompson just dropped off an application for MP. Will the 4/18 BOS meeting be ok to place MP appointments on the agenda? That is when I plan on putting the Mooring Lottery on.

Thanks!
