Re: Suspense list

Dear Board of Selectmen,

In accordance with Connecticut General Statute 12-165 the suspense list is being submitted for approval. There are four accounts on the Personal Property list and all others are Motor Vehicle bills. The accounts are removed from consideration as assets for the Town of Columbia. This keeps the collectible reporting as accurate as possible. These taxes are not abated and we do collect accounts on the suspense list each year.

You will see that some of the accounts had Alias Tax Warrants issued for collection by the State Marshal and were returned by the State Marshal unsatisfied. For those with motor vehicle bills and who stay in Connecticut and eventually need to register a vehicle, they will have to pay the tax, interest and fees before they receive clearance from the Town of Columbia.

Respectfully Submitted,

Carol W. Price, CCMC

COLLECTOR'S CERTIFICATION TO THE BOARD OF SELECTMEN  
RECOMMENDING TRANSFER OF UNCOLLECTED PROPERTY TAXES TO THE  
SUSPENSE TAX BOOK

To the Board of Selectmen:

The following list of uncollectible uncollected taxes for transfer to the suspense tax book is respectfully submitted for your examination and approval.

I hereby certify that to the best of my knowledge and belief each tax listed in this statement has not been paid, is not collectible and should be transferred to the suspense tax book.

Dated at Columbia, Connecticut, the 27<sup>th</sup> day of April 2017

Respectfully submitted, Carol W. Price

ACTION TAKEN BY BOARD OF SELECTMEN:

To Carol W. Price, Tax Collector of the Town of Columbia

A detailed examination has been made of the statement, dated at Columbia, Connecticut, the \_\_\_\_\_, recommending the transfer of certain uncollected taxes to the suspense tax book. The taxes listed in such statement are believed to be uncollectible and pursuant to section 12-165 of the General Statutes authority is hereby given you to transfer such taxes, in accordance with law, to the suspense tax book.

Dated at Columbia, Connecticut, the \_\_\_\_\_ day of \_\_\_\_\_.

Board of Selectmen of the Town of Columbia

RE: Application for Replacement of a Structure on or Over Columbia Lake  
Mr. and Mrs. Robert Turner, 106 Route 87, Columbia, CT

On April 11, 2017, Ellen and Bob Turner of 106 Route 87, Columbia submitted an application for permit seeking to repair their existing seawall at that location.

Last winter, during the construction of seawall at the adjoining property owned by William O'Neil, I spoke with the contractor, James Blair, about the repairs at the subject location. In order to complete the O'Neil project Mr. Blair suggested repairing approximately ten feet of the existing seawall at the Turner property. This work was completed as a part of the O'Neil project. Both the O'Neil seawall and the repairs to the Turner seawall have been completed, inspected by the appropriate parties and the projects are closed. I asked the Turners to submit this application to complete the "paperwork" portion of the project.

After review, it is the recommendation of LMAC to the Board of Selectmen that this permit be approved.

Your consideration in this manner is appreciated.  
Respectfully Submitted;

## **STANDARDS FOR GRANTING PERMISSION FOR THE CONSTRUCTION AND MAINTENANCE OF STRUCTURES ON COLUMBIA LAKE**

The following are the standards the Columbia Board of Selectmen shall employ in granting permission for the structures to be attached or built on or above the Town owned bottom of Columbia Lake. In granting permission the Selectmen shall take into account issues of safety, access, aesthetics, the environment, views and neighborhood tranquility. The Board of Selectmen may modify these standards to meet the specific requirements of the topography but must always take into account long term public benefits.

### **General standards:**

- a.) All construction and maintenance shall be of sound material that shall not adversely affect either Lake water quality or aquatic life. All permitted structures will be maintained in a structurally safe condition.

**SPECIAL CONDITION:** Use of pressure treated woods, used to construct docks and rafts, do pose some environmental risk to small aquatic life. While recognized that these woods are the most commonly used building material, certain restrictions and conditions for their use are as follows:

- 1: Applicants will when feasible refrain from use of pressure treated woods denoted as (CCA) Chromate Copper Arsenate, (ACZA) Ammonia cal Copper Zinc Arsenate or (ACA) Ammonia cal Copper Arsenate. These products utilize arsenic as an insecticide and while still available, the EPA has restricted distribution and sale. Any applicant intending on using these products must insure the wood is exposed to weather (leaching purposes) for a minimum of sixty days prior to the wood having contact in or over the lake waters. The cutting or sizing of pressure treated lumber is not to occur over the Lake bottom and no sawdust is to be deposited into the Lake.
- 2: Safer alternative pressure treated woods denoted as (ACQ) Ammonia cal Copper Quaternary and (CBA) Copper Boron Azoles do not contain arsenic and minimize the risk to aquatic life in the lake.
- 3: While not required, applicants should consider use of alternative building materials, such as natural pest resistant woods (redwood and cedar), products made of aluminum or the wide range of composites made from recycled polyethylene plastic, wood or other cellulose fibers and marketed as a sample (ChoiceDek) (Nexwood) (Permadeck) (Polywood) (Trex) and (CareFree)
