5. **NEW BUSINESS:**
 - 5.1 **Request to Use Town Roads for Connecticut Cycling Advancement on May 11, 2019.** W. O'Brien MOVED to Approve the use of Town Roads for Connecticut Cycling Advancement on May 11, 2019. MOTION CARRIED 5.0.
 - 5.2 **FY 2019/2020 Budget Workshop.** S. Everett explained that he, M. Walter and B. Ciurylo met with E. Sharpe, Chairmen of FiPAC and laid out the 3 budget options. He stated that there will be \$608,000 budgeted for three upcoming bridge projects, but even with the expense of the bridge projects the Town of Columbia will still have a healthy general fund. S. Everett stated that there is a 3.18% increase in the BOS budget, but that does not include updated revenue from the Tax Department. B. Ciurylo stated that there is a positive \$154,000 revenue that will be reflected in the General Fund. B. Ciurylo stated that she has not finished

going through the expenditures yet, but that there may be some addition to the 98% collection rate and a potential adjustment for the school security grant the school. She added that she is confirming \$150,000 for LOCIP funds. Discussion ensued.

R. Bogue MOVED to move the budget forward as presented to FiPAC. MOTION CARRIED 5.0.

- 5.3 Town Hall Roof Replacement.** S. Everett explained that it was advisable to reallocate funds from two sub-line items under the DPW Capital Improvement-Buildings Account line item to another sub-line item under the same DPW Capital Improvement Buildings Account that is designated for Town Hall Roof Replacement and Solar Install. S. Everett indicated that it was also appropriate to reallocate \$10,000 from the line item for Erdoni Road Improvements to the same sub-line item under the DPW Capital Improvement Buildings Account for Town Hall Roof Replacement. S. Everett continued by noting that because one of the reallocated sub-lines items would exceed \$20,000, approval of FIPAC and a Town Meeting would be advisable for purposes of addressing the requirements of Town Charter Section 9.13 and that, since the aggregate of all three reallocations also exceeded the same \$20,000 limit set by Town Charter Section 9.13, it was appropriate to seek FIPAC and Town Meeting approval for the aggregate reallocations.

S. Everett MOVED to reallocate \$50,000 from the Senior Center Heating & Cooling Capital line to Town Roof Replacement Project and \$7,900 Carry Forward Prior Year Project in Capital Improvement Building to Town Hall Roof Improvement. MOTION CARRIED 5.0. S. Everett MOVED to reallocate \$10,000 from Erdoni Road Improvement to the Town Hall Roof Replacement Project. MOTION CARRIED 5.0.

During discussion of the motion, S. Everett explained that the project that had been proposed along Erdoni Road had been rejected by a landowner and that the Town would likely build a small foot bridge instead and could do so with the funds remaining within this account.

- 6. COLUMBIA LAKE / DAM / BEACH:** None.

7. APPOINTMENTS / RESIGNATIONS:

- 7.1 Resignation of Robert Bogue from the Board of Selectmen:** S. Everett stated that R. Bogue has served the Town for many years as a Selectman, as a volunteer in the Lions Club and served one term in the General Assembly. He thanked R. Bogue for his service to the Town of Columbia and he will be missed. S. Everett MOVED with deep regret the resignation of Robert Bogue. MOTION CARRIED 5.1 with W. O'Brien opposing.

S. Everett explained that the Town of Columbia's Republican Party has nominated Jeff Viens to fill R. Bogue's position. S. Everett MOVED to Appoint Jeff Viens on the Board of Selectman to replace R. Bogue positions. MOTION CARRIED 5.0.

S. Everett asked if J. Viens would like to say a few words. J. Viens stated that he has served on FiPAC for four budget seasons and has a good understanding of the Town's finance and he understands his role is to serve the citizens of the Town in a fiscally responsible manner.

8. TOWN ADMINISTRATOR REPORT: None.

9. CORRESPONDENCE: None.

LAKE MANAGEMENT ADVISORY COMMITTEE

March 16, 2019

Mr. Steven M. Everett
First Selectman
323 Route 87, Yeoman's Hall
Columbia, CT 06237

RE: Application for Construction of a Structure on or Over Columbia Lake
Kerry and Kathleen Butler, 7 Lakeview Drive

On February 19, 2019, the Butlers submitted an application to build a second dock on their waterfront. The dock will be adjacent to their existing boat lift; will be 4'x24' and will be approximately 37 feet from their western property line. Due to the shallowness of the water, the boat lift has been moved out away from the sea wall by about 8 feet. The dock is needed to provide access to the lift without having to get into the water and wade out.

Steve Harrington, Karl Then and Bob Powell (on the behalf of the Lake Management Advisory Committee - LMAC) have reviewed the application. I also reviewed the application and discussed the details with Mr. Butler prior to the March 13, 2019 LMAC meeting. Due to the requested length of the dock and the likely need for an extension of time beyond the March 15, 2019 deadline for lake work, this application was brought to LMAC for discussion.

A quorum of LMAC members voted that according to the Standards for Granting Permission for the Construction of Structures on Columbia Lake (Lake Guidelines) and considering the shallow water and the ability to construct the dock with negligible disturbance to the lake bottom, the proposed construction of the dock is acceptable.

After review, it is the recommendation of LMAC to the Board of Selectmen that this permit be approved with the following conditions:

1. All work shall be completed within 30 days of approval by the Board of Selectman.
2. No machinery or power equipment will be allowed on the lake bed.
3. No substantial materials will be placed on, added to or removed from the lakebed.
4. The applicant will insure construction of the dock will be of sound materials and shall not adversely affect the quality of the Lake water or aquatic life.
5. Disturbance to the lakebed will be minimal. No grading or excavation shall be allowed.
6. No construction will take place on the lake bed.

Your consideration in this manner is appreciated.
Respectfully Submitted;

Daniel W. O'Neill
Vice Chairman
Lake Management Advisory Committee

This is more about what our docks are not than what they are. No cam lever leg locks that skyrocket costs in the name of simplicity. No folding legs that add hundreds to the price per dock section in the name of a neater stack of docks in the fall. No fastening together a bunch of frame trusses only to end up with a wobbly structure held together with a bunch of bolts. Nope. Just a simple, uniform, easy to use design with nothing to break or go bad.

When you add it all up we think it will be obvious that Bestmade Docks is sure to be the best option for your new *aluminum docks!*
